

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Biotechnology Journal International
Manuscript Number:	Ms_BJI_35030
Title of the Manuscript:	Production of raw starch degrading amylase by Bacillus subtilis TLO3 and its application in bioethanol production using starch-rich flours
New Title of the Manuscript:	Effect of Bacillus subtilis TLO3 amylase pre-treatment on ethanol production from raw starches
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Authors improved the document with some of the comments of the first evaluation, nevertheless some of the answers of the comments were ambiguous and I think that they did not understand the request of the information that they need to add to really improve the document. I think that they could improve discussion since 1 st round but if they didn't do it in the revised document they won't do it in a 3 rd o 4 th round.	<ul style="list-style-type: none">I would thank the reviewer for his comment. I am sorry if I didn't understand the suggestions, I did my best to improve the quality of the paper by following the instructions.
