SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	1. The abstract is extended as it contains the literature view and introduction. Basically, the abstract should not have more than 250 words, as well as it must include a summary of the work. Also, the references shouldn't be cited in the abstract. 2. Reference number 1, 3, and 10 are not cited in the text. 3. The language of the manuscript needs improving. 4. The manuscript didn't involve the results and discussion section or the results analysis part, which is very important to know the manuscript outcome. 5. In all tables, define the rows and columns.	The abstract have been corrected to 250 words. The references are now cited. The languages have been improved.
<u>Minor</u> REVISION comments	1. line 44, the author mentioned "we say". It should be changed with more suitable sentence, Such as "in another word" 2. line 50, the use of the word "Example" is not suitable word. 3. line 66, mention the full spelling of the "CPU". 4. line 88 and 90, symbol t should be written	'we say' is the appropriate word that follows 'machine interference'

SDI Review Form 1.6

	either as “t” or (t). Follow this comment for other variables. 5. line 105, change it to short title 6. Line 111, what the author means by $f(t)$ and $E[f(t)]$? 7. Explain all variables that are used in all equations. 8. Lines 225-251, put it under new title.	
<u>Optional/General</u> comments	The title of the paper need to change to be more suitable with the content of the manuscript.
