

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_14892
Title of the Manuscript:	Maize Price Stabilization in Ghana: An Application of Continuous-Time Delay Differential Model with Buffer Stock
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	New formulas (model problem) is not available in text. The paper is simple and problem is well-known. It is made application by a simple Matlab code in text. First order delay differential equation is solved by Matlab code (dde23).	They are all there and being referred to using their previous equations numbers. They are now highlighted. Thanks The codes referred to in appendix.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
