Compulsory REVISION comments	Abstract: Kindly reframe the statement "But may if not most of these distributions". Do you mean to say "But many if not most of these distributions"? Page 1: Second Paragraph: Kindly change the statement "A new life time with decreasing failure rate" to "A new life time distribution with decreasing failure rate" Page 1, Paragraph 3, Kindly put comma after the statement "In the same section" Equation 10: Kindly leave a space between the equation and $r = 1, 2, 3, \dots$ Subsection 3.3: The statement after Equation (14), that is "The distribution of the smallest order statistic is given by substitute $i = 1$" should be changed to "The distribution of the smallest order statistic is given by substituting $i = 1$" Section 4, Paragraph 1, Kindly include comma after the statement "In this section" Section 4, Paragraph 1, I feel the statement " family for" should be removed from the sentence. So, the statement would become "In this section, some special sub models of the complementary	Thank you very much for reading carful and for important comments So, kindly before you publish my paper send me once again to make sure that there is nothing wrong with the spaces and the tables.
