

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	Ms_BJMCS_21873
Title of the Manuscript:	Method of finding initial solution for the geometric programming problem
Type of the Article	Short Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	There is no any compulsory revision.	
<u>Minor</u> REVISION comments	Also minor revision is not required.	
<u>Optional/General</u> comments	Since this manuscript is having practical problem of business object protection system, hence numerical example will illustrate the method / procedure of geometric programming clearly and efficiently. My suggestion is to add the numerical illustration in the manuscript.
