SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	More comprehensive evaluations are needed for journal publication. The authors need to improve the technical writing of the paper. Additional suggestion: It would be desirable if the authors can cite some updated references so that the readers can see current trends of the broad domain. Some open-access journals, which provide full article contents free of charge, may be helpful for updating the references with the current trends. Author should cite the references in the manuscript according to the BJMCS template/format "Please mention ref. no. serially- [1].[2]..[3].[4].[5].[6]."
