SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The formula of the derivatives of morphology theory need to be constructed, the using of too much abbreviations in formula is not good for the academic writing as well as the pages only 4. The Typing errors should be concerned seriously	For the abbreviation :we must use the abbreviation in algorithms and programming I cannot write a whole sentence like " imperative singular male" in an algorithm or code programming . for the academic writing as well as the pages only 4: the paper not with the length but with the new idea
Minor REVISION comments	The language need to be revised	all the paper language revised and we correct many grammar errors.
Optional/General comments
