

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	Ms_BJMCS_23336
Title of the Manuscript:	Global attractivity and almost periodic solution of a discrete multispecies mutualism system with feedback controls
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Paper is well written. Finding conditions for the existence of a unique almost periodic solution which is globally attractive of a discrete multispecies mutualism system is very interesting. The results of the paper are useful for ecology.	OK !
Minor REVISION comments		
Optional/General comments
