SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments		
Minor REVISION comments	(1) Most of the related works are before 2009 , the recent algorithm will be helpful to provide some idea in this area. (2) The result of the proposed algorithm and definition is clearly to understand. It sounds a good job.	The second reviewer mentioned seeking references after 2009. It turns out that for the work present here, the list of references given is the most we could gather.
Optional/General comments
