**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>   |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <p><b>Abstract should be more authentic and informative. Last line does not giving any meaning.</b></p> <p><b>Introduction does not give any link to the research of the writer.</b></p> <p><b>Result and discussion is too short and not enough to understand.</b></p> <p><b>Result discussion and conclusion should be different paragraph.</b></p> <p><b>Please clarify the ethical issue:</b></p> <p><b>It is not a complete article, lack of information, no proper discussion and analysis</b></p> | <p>1 – revised the abstract and introduction in light of suggestions</p> <p>2 – separated results and discussion .</p> <p>3 – completed the article by including required points .</p> |
| <b><u>Minor</u></b> REVISION comments      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                        |
| <b><u>Optional/General</u></b> comments    | Need more work on this article                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                        |
