SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	1) In page-1, theorem 1.1, terms like flats , M(G) are to be defined, before it use there.	We have defined the term flat and $M(G)$ on page 1 and have highlighted the definitions in green.
<u>Minor</u> REVISION comments	In the first line of the introduction, it is written that "in this original work", here the word original has to be omitted. Even the word "work" also can be renamed as "paper"	We have replaced "original work" by paper and Have highlighted in green.
<u>Optional/General</u> comments	In page 2, the term n_q -fans is used before its definition is given. So it can be avoided.	On page 2, we have removed the term n_q -fan before it is defined and have highlighted the replacement in green.
