PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	I have no comments in this part.	
<u>Minor</u> REVISION comments	I found a little mistake on line 33, page 2. Please [3] instead of {3}.	Thanks.
<u>Optional/General</u> comments	This is a very well written article and easy to follow. The methods used there are elementary, but interesting.	Thank you. Again.
