SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Page 17, the author(s) must explain in brief the utility of the expressions obtained via computer. Also, it will be better to provide the under lying MATHEMATICA programmes at the respective places instead of pasting the computer generated outputs.	I hope I have explained it at page 17 on line 3 I have also mentioned at page 3 on line 5 that I have used Magma.
<u>Minor</u> REVISION comments	There is only one section (1. Introduction). Please provide at least one more section in order to quote your contribution.	I have added "CONCLUSION" section.
<u>Optional/General</u> comments
