

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	Ms_BJMCS_28848
Title of the Manuscript:	Determinants and Inverses of Fibonacci and Lucas Skew Symmetric Toeplitz Matrices
Type of the Article	Length article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The paper needs practicable examples. The authors must control the paper because it is very complex in terms of symbols.	1. In section 4, an example is given to demonstrate the method introduced in this paper. 2. We have control the language of this paper, and the length of article is reduced from 21 to 18.
<u>Minor</u> REVISION comments	The language of paper must be controlled.	
<u>Optional/General</u> comments	The paper is a good application of Toeplitz matrices.
