**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                                                                                  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)                                             |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <p><b>Plagiarism issue:</b></p> <p>The autor(s) should read carefully and rewrite the introduction part. It contains to much similarity with website irrpublications.com. The paper contains some sentences from the website <a href="http://www.emis.de">www.emis.de</a> and also proofs of the theorems contain "H to H<sub>3</sub>-cordial labelling of some families of graphs" paper which is written by S. Freeda and S. R. Chellathurai.</p> | <p>The introduction part has been rewritten and also proofs of the theorems have been modified as suggested by the reviewer.</p> <p>These have been highlighted in yellow colour in the revised version of the paper.</p> |
| <b><u>Minor</u></b> REVISION comments      |                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                           |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                           |
