

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	Ms_BJMCS_25570
Title of the Manuscript:	The non-singular periodic solutions for Kundu equation and derivative nonlinear Schrodinger equation
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The manuscript is devoted to obtain new non singular periodic solutions of the so named Kundu nonlinear equation. The authors explicitly have developed a method and shown than new periodic solutions exist in that equation subjected to parametric restriction. I have no objection considering the publication of that manuscript.
