

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	Ms_BJMCS_25969
Title of the Manuscript:	Fibonacci Numeral Systems and Fibonacci Computers: New Informational and Arithmetical Foundations for Mission-Critical Computer Applications
Type of the Article	Review

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	As is well known by the experts of the informational reliability of computers, new ones who wants to study on the topics such that binary system, Fibonacci numbers, Fibonacci numeral systems, Fibonacci computers are really in need of review papers to get adequate knowledge from them. At this point, this article introduce the history and the main scientific and engineering achievements in this field, as one of the important direction in the improvement of informational reliability of computers for mission-critical applications.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
