PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors did not read the final version in details. There are a lot of errors. For examples, (1) p.8(+6), exists for ; (2) p.8(+9), the statement `Moreover, the – holds for –' does not be proved. ; the references are mixed up. Please, check the references in details.	<i>As per Reviewer's comments, we have corrected P. 8 (+6) and the statement in P. 8 (+9) is removed from the theorem. Also the references are given in alphabetical order as per journal format.</i>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
