PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Congratulations for the efforts despite that there are still some corrections to make. In your results you set the subtitle 3.1 but you do not continue thereafter. Each figure or table should be preceded by a subtitle. Then the subtitle will be followed by a sentence before the figure or table that follows.</p> <p>For example</p> <p>3.1. Distribution of the sample of Health Care Workers Among localities: The distribution of the sample of Health Care Workers Among localities is presented in the Figure below (Figure 1): Please please do the same for all other figures and tables. This means that your results should divided in 6 subtitles: 3.1 3.2 3.3 3.4 3.4 3.5 3.6</p>	<p>All points were considered</p>
