SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>1. Need for language editing and follow journals guideline to authors</p> <p>2. Is the study comparing modern medicine and traditional medicine? If so, the title should show this.</p> <p>3. The authors used a questionnaire for this study hence it is a quantitative study, not a qualitative study.</p> <p>4. Why was ethical clearance not collected for this study?</p> <p>5. The result section of the Abstract confusing.</p> <p>6. How was impact of income assessed?</p>	<p>1. Efforts made to improve language</p> <p>2. Title is modified</p> <p>3. Unintended mistake corrected (quantitative study)</p> <p>4. This issue is clarified under ethical consideration; however, it was a small project assignment to senior medical students who were given permission by their supervisors and university research unit to complete this project. Ideally speaking, any research should have ethical committee approval.</p> <p>5. Results in abstract now more precisely written</p> <p>6. No impact of income assessed systematically, only simple question was asked income has something to do with to buy low cost TM.</p> <p>All changes highlighted in Yellow!</p>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
