**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	This is an extremely well written paper, establishing crucial questions in the medical literature, that deserve further investigation in the future. Any methodological limitations of the article are mentioned and discussed thoroughly by the authors, thus there is no need to repeat them.	Thank you for your kind words.  Several minor changes have been made as suggested by the other reviewers.  A short section has been added on future research.
