

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Medicine and Medical Research
Manuscript Number:	Ms_BJMMR_25208
Title of the Manuscript:	Effect of acute placenta inflammatory changes on fetal outcome among paturients in Nigeria.
Type of the Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>PROM and Chorioamnionitis are known to be associated with placental inflammation. These cases should be excluded. Inclusion of such cases without treating them as a separate group in correlation, analysis or discussion makes the study lose its relevance and possible clinical implication. Hence it is not suitable for publication in present form.</p>
