SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (<i>if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here</i>)
Compulsory REVISION comments	This is good research. However, the methodology should be repaired related to bias.	
Minor REVISION comments	Correction should be done in terms of number of samples, person who did the procedure, and homogeneity of age when the procedure was performed. It is important to state that procedure was done by an experienced person in treating clubfoot.	
Optional/General comments
