SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Did you use your own population specific customised growth charts to define IUGR? Reconsider and try to align your hypothesis, objectives and results and discussion. When you will do so you will automatically begin to align them together. They are not currently.	
<u>Minor</u> REVISION comments	Would you like to elaborate in results on how many IUGR babies you found maternal risk factors (32) and what were the risk factors?	
<u>Optional/General</u> comments	Would you like to rephrase your title < pathophysiology or using it as a predictor?
