**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Compulsory</b> REVISION comments	<p><b>INFORMATION MEANT FOR INTRODUCTION WERE REPEATED IN THE DISCUSSION. THERE WAS A MIXUP OF PREVALENCE OF SELF-MEDICATION WITH DRUGS GENERALLY AND FOR ANTIBIOTICS SPECIFICALLY. MAY NEED TO REDEFINE SELF MEDICATION WITH ANTIBIOICS IN THE CONTEXT OF THE STUDY. CONTRIBUTION OF PRESENT STUDY TO WHAT IS KNOWN IN THE LITERATURE IS NOT WELL DEFINED. TABLE SHOWING ASSOCIATIONOR NONE BETWEEN SOCIODEMOGRAPHIC VARIABLES AND SELF MEDICATION WAS NOT INCLUDED. THE STUDY DID NOT ADEQUATELY ADDRESS THE OBJECTIVE</b></p> <p><b>ABSTRACT</b></p> <p><b>Line 2: a Nigerian</b></p> <p><b>8: which is a serious</b></p> <p><b>18: at least once (delete one time)</b></p> <p><b>18&amp;19: separate drug store/chemist from pharmacy sources of drug medication. This is because patent medicine dealers are in larger percentage than trained pharmacist in the rural areas. Hence, they are readily available. May include the table to show this information.</b></p>
