

SDI Review Form 1.6

Journal Name:	British Microbiology Research Journal
Manuscript Number:	Ms_BMRJ_23629
Title of the Manuscript:	Bacterial isolates from Otitis Media infections and their antibiograms, Hodeidah city, Yemen
Type of the Article	Original Research Articles

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	This study does not deliver any new information on infection and sensitivity of antimicrobials. It might be more useful to look at causes of infection, resistance and its reason for resistance	To study the mechanism of bacterial resistance would require more molecular experiments, which is unfortunately not available in Yemen (Developing country).
