SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	<p>This study involved aspects of Microbiology and vacinology. The manuscript is well written and interesting and important for and Publics Health, although there are several suggestions to be done.</p> <ol style="list-style-type: none"> 1. Some of the keywords used do not follow any index descriptors in public health, as BIREME, MeSH, NLM or UMLS (eg. <i>Fowl typhoid</i> □) 2. There are several errors in the manuscript's organization. I suggest to separate the topics "Results" and "Discussion". I guess it's a little bit confuse. 	<p>It's my pleasure to give thanks to reviewer of my paper for nice comment. With due respect to honourable reviewer I think for this manuscript result and discussion in one part is ok. I add new reference in accordance with the comment of another reviewer that would strong the discussion.</p>
<u>Minor</u> REVISION comments	<ol style="list-style-type: none"> 1. The "conclusions" must respond to the initial objectives. So I suggest that the conclusion at the end of the text must fully answer the questions asked in the objectives. 	<p>In conclusion, I add a new point in accordance with your comment.</p>
<u>Optional/General</u> comments	<p>This article is well written.</p>	<p>Finally I am grateful to honourable reviewer.</p>
