SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The concentration of drug is usually represented by $\mu\text{g} / \text{ml}$. Thus, the concentration of EO, instead of $\mu\text{L} / \text{ml}$, should be represented by $\mu\text{g} / \text{ml}$. If authors can not express, they need explain that reason.	The concentration of EO is represented by $\mu\text{g} / \text{ml}$
<u>Minor</u> REVISION comments	Page 6: line177 – 183, References are needed for these part of sentences. Page 6: line 202. Figure 2: Authors should present the unit.	New reference was added and the corresponding paragraph between 177-183 lines rewrote currently, by changes in the text is on page 8, line 213-224. In Figure 2: the dilutions of EO are expressed in $\mu\text{g} / \text{ml}$.
<u>Optional/General</u> comments
