

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Cardiology and Angiology: An International Journal
Manuscript Number:	Ms_CA_30046
Title of the Manuscript:	Transcatheter aortic valve implantation in an octogenarian patient with single coronary artery
Type of Article:	Case report

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
I think the revised paper is fine. I would like the authors to comment on the importins of the Coronary angiography and that the TAVI procedure takes the anatomy in mind.
