General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>It is certainly a rare and interesting case.</p> <p>You should change the last phrase of the abstract section, the word "asymptomatic" means that the patient had no symptoms. But this patient had mild symptoms during childhood. Instead you should use "few symptoms.. or something like that..</p> <p>In the case section could you explain what the medical treatment was? The medication, duration, and follow up period.</p> <p>Need a reference in Lines 19-20. 57-58. 64-66.</p>	<p>Thank you for your comments. We appreciate them. and corrections have been made taking in consideration the reviewer's comments.</p> <p>1) The patient has been put on medical treatment (Tab. Sildenafil 20 mg thrice daily). She is currently stable with NYHA class I symptoms on follow-up visit at 6 months.</p> <p>2) New References have been added for all these lines.</p>
Minor REVISION comments
