SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The manuscript presented: Risks Associated with Radio-frequency Radiation Exposure at Close Proximities to Mobile Phone Base Stations in Port Harcourt, Rivers State, Nigeria, has several shortcomings: The work is superficial, speculative unplayable. It is a simple collection of environmental electromagnetic radiation measurements. The authors did not investigate the changes in explaining findings as mere interference, not defining the precise cause. The authors do not add anything innovative in the field of environmental pollution by electromagnetic radiation. The manuscript presents numerous typos	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
