#7. Where currency (in Rupee) is indicated please give as parenthesis the equivalent US\$ (USA Dollars) ← please address this; you can put a note below Table/Figure # 8. For Tables 3 & 4 and 5 & 6 can be use standardized values instead of the raw data ← please note that raw data are often misleading and highly biased; they should be statistically analyzed OR at least put some statistics alongside these raw data; you can maintain the raw data, BUT add statistics. Then report your results as such. #9. Use Figure instead of Table for Tables 7 & 8 and 9 & 10: that way it is more informative as regards trends ← please make (construct) the relevant Figures NOT just labeling a table with a name 'figure' #1. Please proof-read and edit the manuscript for typos, grammar, coherence, and repetitions. Typos such as "It is evident form Table 7...., and others need be revised. #The labels for all Tables & Figure should detailed and stand alone NOTE: The innovative idea represented by this work is diminished by poor writing, and weak data presentation.	Respected sir or madam firstly i am thankful to your valuable comments for thankful for giving your precious time to review my research paper and lastly want to say that I have done all what I do can in this paper considering with all your comments from my side.
