**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)                                                                                                                                        |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <ol style="list-style-type: none"> <li>1. The manuscript contains a number of grammatical mistakes including wrong tenses, spelling and punctuation errors, spacing of words, repetition of words etc. The author needs to read through the manuscript and correct all the grammatical mistakes.</li> <li>2. Under material and methods, the author merely mentions how various tests were done but does not give a brief description of the methods/procedures used. The author should consider outlining briefly how the tests were conducted.</li> </ol> | <ol style="list-style-type: none"> <li>1- Efforts have been made to go through the manuscript and correct the issues pointed out;</li> <li>2- The tests carried out in the laboratory on the soil samples collected in the two environments have been detailed to depict the procedures and methods used.</li> </ol> |
| <b><u>Minor</u></b> REVISION comments      | N/A.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                      |
| <b><u>Optional/General</u></b> comments    | N/A.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                      |
