

**SDI Review Form 1.6**

|                          |                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Journal Name:            | <a href="#">Current Journal of Applied Science and Technology</a>                                                            |
| Manuscript Number:       | <b>Ms_CJAST_40631</b>                                                                                                        |
| Title of the Manuscript: | <b>Adsorptive Interaction of Natural Antifungals with Metal Hexacyanoferrate (II) Complexes and its Medical Applications</b> |
| Type of the Article      |                                                                                                                              |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)                                                                                                |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <p><b>I recommend to accept after minor revision. It is used very interesting methodology in this manuscript.</b></p> <p><b>Add in references one or two current literature from years 2017 or 2018</b><br/> <b>Correct typos.....try to look for typos in all manuscript e.g.</b><br/> <b>94 anifungal potential.....antifungal</b><br/> <b>99 METHODOLOGY.....METHODOLOGY</b></p> | <p>New references 18 and 19 of the year 2017 are added in the introduction section of revised manuscript.</p> <p>94 anifungal potential changed to antifungal potential in the revised manuscript</p> <p>99 METHODOLOGY changed to METHODOLOGY in the revised manuscript</p> |
| <b><u>Minor</u></b> REVISION comments      |                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                              |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                              |
