<b>Minor</b> REVISION comments	<p>Regarding your study on weather conditions for aviation transport, I noticed that:</p> <ul style="list-style-type: none"> <li>- You do a good research work,</li> <li>- You mentioned the different elements of weather conditions that influence on aviation transport,</li> <li>- You did a statistic study with other foreign countries of NIGERIA, it's good,</li> </ul> <p>But the problem that for your study:</p> <ul style="list-style-type: none"> <li>- You know that we are on 2018 year, so why are you choosing to do your study specially in the years (2000 - 2014)? Why you don't work for (2014 - 2017) ?</li> <li>- You are based on old research work, the last one reference you have is on 2015 (reference number 7 ), so It must be based on more recent work (2015, 2016 and 2017).</li> </ul>	<p>Noted</p> <p>The reasons for old citation was that the work was done between 2000-2014. It was part of a research work done in that period.</p>
