PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article is appeared as the short and incomplete research work, however, the title and efforts to discussion show the important of the paper. Paper needs to enlarge with covering different dimensions of scientific writing.	Yes sir it seems short but sir this was my entire laboratory work on certain parameters and I did hard work too for it. Still I tried to elaborate it and also write discussion in expanded form in final revised paper I did all corrections .whatever you recommended to me.
Minor REVISION comments	Both literature (introductory section) and discussion parts require to do intensive work .	Ok sir
Optional/General comments	Need to dig out the reasons and factors of affect s on bio- chemical aspects.	Sure sir I did it..
