PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Well structured and contains important information, it is recommended that the author update their references, in order to strengthen their discussion.	I thank the reviewer for helping me in correcting my manuscript so that it can be helpful for scientific community. I have updated my references in the paper that have been highlighted
<u>Minor</u> REVISION comments	References must be listed at the end of the manuscript and numbered in the order that they appear in the text. Revise the table format again, with the purpose of making it easier to understand.	References have been placed in the text of the paper the way they are in the reference list The tables have been formulated so that these can be easily understandable
<u>Optional/General</u> comments
