

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_42677
Title of the Manuscript:	Numerical study of temperature dependent viscosity and thermal conductivity on a natural convection flow over a sphere in presence of magneto hydrodynamics
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Abstract: The abstract is not properly written. The word "objective" should be replaced with "aim" Introduction: Inconsistency in citation. The author should check citations [1], [3]-[17] use [2] as example. Governing equations of the flow: author should be consistent in writing symbols. Please check the symbols in equations 2, 7, 12-14	1. Abstract was written properly. 2. Citation checked carefully. 3. Symbols were checked and all equations are correct.
Minor REVISION comments	Reference: the reference is wrongly written. The author must be consistent in writing references.	References are written according to template.
Optional/General comments	The paper is good but the author must effect the above corrections
