FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
After all the previous issues arise from the reviewers have been addressed, the quality of the paper has been greatly improved. However, the authors should double check the all figures of the current manuscript. Each figure and its title should be on the same page. Fig. 6, Fig. 9 and Fig. 10 should be aligned. Fig. 2 should be revised then aligned. .	Again, thank you for the opportunity to revise the manuscript. Below I summarize my responses to the comments. I believe that all of the comments have been addressed in a way that you would find satisfactory. I thank you very much for their detailed and thoughtful critiques. The manuscript has been greatly improved as a result of your effort. Our point-by-point responses to your comments are detailed here. Responses highlighted in yellow in the manuscript as well. All figures are rechecked. I made sure all figures and their titles are on the same page. Also Figures have been aligned. I have also revisited Fig. 2 and aligned it. Thank you for your thoughtful, detailed, and valuable critiques.
