

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_43332
Title of the Manuscript:	Laboratory study of a lignocellulosic biomass as an alternative base material for brake pads
Type of Article:	Original research papers

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors are requested to clarify the wood type they have used in the work. Please include the type of wood used in the paper for further progress in the said work to the researchers in the globe.	The wood type has been clarified in the revised manuscript according to the consultation with the Sawmill from which the sawdust was sourced from. Afara (Terminalia superba) wood dust was employed for the development of the brake pad.
