

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_37092
Title of the Manuscript:	Gene effects of resistance to Septoria tritici in durum wheat under three water stress level
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The discussion should be improved and supported with recent citations. Regression and correlation analyses should indicated in the manuscript to clearly show relationship between gene effects and water stress levels. . References and citations should follow journal guidelines.	
<u>Minor</u> REVISION comments	Minor corrections should be corrected as highlighted and indicated in the manuscript.	
<u>Optional/General</u> comments	Introduction and methodology are clear and understandable. Discussion should be improved and supported with recent citations. Regression and correlation analyses should indicated in the manuscript to clearly show relationship between gene effects and water stress levels. . References and citations should follow journal guidelines.
