

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_40125
Title of the Manuscript:	The coupling conduction effects on natural convection flow along a vertical flat plate with Joule heating and heat Generation
Type of the Article	Original research paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	It has been observed that the magnetic part is absent in momentum equation(eq2) of Governing equations section. I think magnetic term must be included. Therefore scientific error is found. As a result I want to suggest to the author(s) to include the magnetic part in momentum equation. So, Paper may be resubmitted after modification.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
