

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_42601
Title of the Manuscript:	ASSESSMENT OF RADIOLOGICAL HEALTH RISKS FROM GAMMA RADIATION LEVELS IN SELECTED OIL SPILL COMMUNITIES OF BAYELSA STATE, NIGERIA
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The data presented in the manuscript number CJAST_42601, reveal the low presence of BIR in the areas tested and therefore the low probability of contracting pathologies related to the exposure of ionizing radiation and petroleum products. The results obtained by the authors therefore have a purely observational value of the data. The manuscript can be accepted with small corrections requested to the authors: - some sentences are not complete - the used English is not always correct, - there are formatting errors in the bibliography, - - fig.5 presents some numerical superimpositions which confuse the reported data - there are many typos in the text	
Optional/General comments
