PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Introduction: Please organic matter is mentioned in the introduction as part of objective but no analysis is done on organic matter.</p> <p>Methodology: please give reference to the 100m distance of the control samples (standard measurement?)</p>	<p>Organic matter as it appeared in the introduction has been expunged because it is not part of the work.</p> <p>The 100 km as used in the study was just an approximated distance chosen by authors. It is not a standard measurement, meaning anybody can choose any distance of choice.</p>
Minor REVISION comments	Please just read through again and correct some minor grammatical errors	Done and minor corrections made. See highlighted words with Yellow background on the manuscripts.
Optional/General comments
