

SDI Review Form 1.6

Journal Name:	Chemical Science International Journal
Manuscript Number:	Ms_CSIJ_38363
Title of the Manuscript:	STUDY OF BIO SORBENTS BY BOTTOM UP APPROACH AND THEIR APPLICATIONS FOR THE TREATMENT OF SIMULATED DYES WASTE WATER
Type of the Article	Research

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The researches related to removal of dyes from water by these bio-adsorbents have been vastly explored. Authors are suggested to go through Environ. Prot. Control J., 2 (1) (1998), pp. 5-8, Water Sci Technol. 2003;47(1):185-90, ACS Sustainable Chem. Eng., 2015, 3(6), pp 1117-1124, Water Resources and Industry, Volume 3, 2013, pp. 1-10, Water Resources and Industry 6 (2014) 64-80, Soil, Air, Water 2017 45 (11), 1600678 and related papers available in the literature.</p> <p>The authors must go through the following points:</p> <ul style="list-style-type: none"> • They need to show in comparison in what aspects their work is superior to the available reports? • The source of the bio-adsorbents to be specified clearly in the manuscript. • The size of the bio-adsorbents as reported does not correspond with those of SEM images. It should be taken care off. The measurement units should be denoted in unique manner. • The manuscript should be more compact and supporting information to be supplied to show the additional information. All graphs are not required in the manuscript main file. <p>The tables and images are preferred at the end of writing.</p>	
Minor REVISION comments	NA	
Optional/General comments	NA
