Table 1 - between line 149 and line 150 – please indicate that the concentration is molar. Revise your English in line 15 of the abstract or remove the sentence altogether. Remove the last sentence in your abstract – line 35 and 36 and last part of line 34 – the reason is that you cannot refer to Figure 1 to 8 in an abstract. Please refer to KD consistently in the text and Figure 1 to 3. Your x-axis label in Figures 1 to 44 is not coming out well – why is the label upside down?
