PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The work is good and considerable amount of literatures have been accessed which is good. Most of the challenges however have to do with the interplay between syntax and semantics with regards to the tool of expression (English). The authors should try and look out for simple errors like tenses mostly and they will be fine. Good work!	
Minor REVISION comments		
Optional/General comments
