Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/30/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Kindly check the following comments that may help: 1. Please use "justify" option for paragraph ends so they will have neat ends. 2. Spelling mistakes as in line 55, weight were should be weighed. Line 140, ml is repeated. Line 217, instead of and in liver, should be ,liver. 3. Under figures please specify for each p value whether the difference is highly significant, significant or non-significant. 4. Line 71, reference should be numbered not author-date. Correct please. 5. Table 1 is not following journal style. 6. In references line 292, <i>in vitro</i> and <i>in vivo</i> should be <i>italic</i> .	Thank you for the suggested corrections. 1. We don't know what the reviewer means by this remark. The editor will correct this, if needed. 3. The significances are indicated in 3 categories in the legends. The actual p-values can be found in the text above the figures. 5. We don't know about the journal style of tables. Please give more advice how to rearrange Table 1. The editor will correct this, if needed. 2. 4. 6. We have taken into account all these suggestions of the reviewer (in yellow).
