SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Please give the sample size calculation in the method section. 2. Please emphasize that the mean birth weight and gestational age, as given in the abstract, are not from all the participants, but from 43 participants.	
<u>Minor</u> REVISION comments	Serum vitamin E can be measured by HPLC with the same method as vitamin A, except detection wavelength is 290 nm. Please discuss the authors limitation of measuring vitamin E level of your serum samples.	
<u>Optional/General</u> comments	- Check format of the journal. Introduction section may use regular font, not all capital letter. - Ref 27 has no page number
