Manuscript Number:	Ms_I-SRR_42404
Title of the Manuscript:	Exercise & Yoga as an intervention for enhancing subjective wellbeing in HIV-positive individuals
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Introduction: addressing more about the benefits of exercise and yoga in other pathologies</p> <p>Methodology: In the description of the groups refer to which treatment group I (medical intervention) performs Rewrite methodology in a descriptive way and not as items</p> <p>Results: decrease the number of tables</p> <p>Discussion: discuss the physiological benefits of exercise and yoga by using references that may infer the benefit to the HIV patient</p> <p>Conclusion: the work suggests that "both aerobic exercises and yoga individually or combined" improve the health conditions of the patient. Withdraw "combined" because you were not evaluated at work</p>	
Minor REVISION comments		
Optional/General comments
